

## TRENBOLONE ACETATE

**Active Ingredients:** Trenbolone Acetate 100 mg

### DISCRIPTION

We offer you Trenbolone acetate, which binds very well to the androgen receptor and five times as potent as testosterone. Due to a strong androgenic and anabolic effect this drug can be used both for cutting and for bulking cycles. Trenbolone is not estrogenic and it is not toxic for the liver. Acetate is a relatively short ester giving you high peaks. Most athletes use Trenbolone acetate for its bulking properties, to gain more weight without swelling. Although potent it is relatively safe and side effects are mostly connected with overdose.

**Storage:** Store in a dark, dry place, at room temperature. Do not refrigerate Keep out of reach of children.

**Product Content:** 10 Ampoules of 1 ml - 100 mg / ml
