

TRENBOLONE ENANTHATE

Active Ingredients: Trenbolone Enanthate 200 mg

DISCRIPTION

Tren 200, with active component Trenbolone enanthate, is a long-acting anabolic steroid with strong androgenic and anabolic activity. It was first used for animals to increase the rate of weight gain and to improve feed efficiency. Trenbolone enanthate has been proven to promote extreme muscle growth and is relatively safe for the liver. Due to its properties, Tren 200 is chiefly used for bodybuilding purposes, including cutting and bulking.

Storage: Store in a dark, dry place, at room temperature. Do not refrigerate Keep out of reach of children.

Product Content: 10 Ampoules of 1 ml - 200 mg / ml
